

ANORUE EDINBURGH ASINOBI

Email: edinburghasinobi@gmail.com

HEALTH, SAFETY & ENVIRONMENT (HSE) OFFICER

PERSONAL INFORMATION

Full Name	Anorue Edinburgh Asinobi	Nationality	Nigerian
Languages	English (Fluent) PROFESSIONAL	Availability	Immediate

Proactive and results-driven HSE Officer with over 7 years of experience implementing robust safety management systems across pipeline, marine works, and building construction projects in Qatar. Demonstrated track record of fostering a strong safety culture, conducting proactive hazard identification and risk assessments (HIRA), and driving incident prevention through targeted toolbox talks (TBT), permit-to-work (PTW) systems, and continuous site inspections. Adept at ensuring full compliance with Qatar Construction Specifications (QCS), Ministry of Labour (MoL) regulations, and international standards including ISO 45001. Committed to engaging workforce participation to achieve and sustain zero-incident project objectives while maintaining productive client and consultant relationships.

CORE COMPETENCIES

- Proactive Hazard Identification & Risk Assessment (HIRA / JSA / JHA) - Permit-to-Work (PTW) System Management & Authorization - Incident Investigation & Root Cause Analysis (RCA) - Safety Management System (SMS) Development & Auditing	- Working at Height & Scaffolding Safety Inspection - H2S Awareness & Gas Detection Monitoring - Emergency Response Planning & Drill Coordination - behavioural-Based Safety (BBS) Observation Program - Environmental Compliance & Waste Management - Site Safety Inspection & Corrective Action Tracking
--	--

PROFESSIONAL EXPERIENCE

Safety Officer Qcon Engineering & Construction, Ras Laffan, Qatar 25 November 2024 - 30 October 2025 Project: Pipeline Construction Project, Ras Laffan Industrial City Client: Qatar Energy LNG - Lead proactive safety management for the pipeline construction project, conducting daily site inspections and hazard identification across all project phases. - Manage the Permit-to-Work (PTW) system for high-risk activities including hot work, confined space entry, excavation, and lifting operations. - Deliver daily toolbox talks (TBT) and safety induction program, ensuring 100% workforce compliance before site access. - Ensure full compliance with Qatar Energy LNG HSE standards, QCS 2024, Qatar MoL regulations, and ISO 45001 requirements. - Investigate all incidents and near-misses using Root Cause Analysis (RCA), implementing corrective and preventive actions (CAPA) to prevent recurrence. - Coordinate HSE audits and inspections with Qatar Energy LNG client representatives, maintaining a consistently high satisfaction rating. - Conduct proactive Job Safety Analysis (JSA / JHA) for all critical pipeline construction activities. - Maintain HSE performance reports, KPI dashboards, and incident statistics for senior management and client submission.
Safety Officer UCC PROMAR JV, Doha, Qatar 4 December 2022 - 20 October 2024 Project: Marine Works Package, The Pearl-Qatar Client: United Development Company (UDC) Implemented proactive safety measures for the marine works package at The Pearl-Qatar, conducting continuous site inspections and hazard identification.

- Managed the Permit-to-Work (PTW) system for marine and waterfront construction activities including diving operations, heavy lifting, and marine vessel movements.
- Conducted Job Safety Analysis (JSA / JHA) for all critical marine construction activities and coordinated with UDC client representatives on HSE compliance.
- Delivered daily toolbox talks (TBT) and safety induction program for all site personnel and subcontractors.
- Ensured full compliance with UDC HSE standards, QCS requirements, and Qatar MoL regulations throughout the project duration.
- Prepared and submitted monthly HSE performance reports, KPI dashboards, and incident statistics to senior management and UDC client representatives.

Safety Officer

Redco International, Doha, Qatar | 8 January 2018 - 9 November 2022 [Project: Building](#)

Construction Project

- Supervised daily HSE operations for building construction activities, conducting proactive site inspections and hazard identification.
- Managed the Permit-to-Work (PTW) system for high-risk activities including working at height, hot work, confined space entry, and lifting operations.
- Delivered daily toolbox talks (TBT) and safety induction program for all site personnel and subcontractors.
- Investigated incidents and near-misses, implementing corrective and preventive actions to prevent recurrence and improve overall safety performance.
- Ensured full compliance with QCS standards, Qatar MoL regulations, and company HSE policies throughout the project duration.
- Conducted regular scaffolding inspections, equipment certifications, and fire safety audits to maintain compliance with statutory requirements.

EDUCATION & ACADEMIC QUALIFICATIONS

Qualification	Institution	Year
B.Sc. (Bachelor of Science)	University Of Nigeria	2008-2013

KEY ACHIEVEMENTS

- Successfully maintained strong HSE compliance across pipeline, marine, and building construction projects for leading Qatar clients including Qatar Energy LNG and UDC.
- Demonstrated proactive hazard identification and risk assessment capabilities across diverse project types including oil and gas, marine works, and high-rise construction.
- Consistently delivered daily toolbox talks and safety inductions, ensuring 100% workforce compliance before site access across all assigned projects.
- Effectively managed the Permit-to-Work (PTW) system for high-risk activities across multiple project types and environments.
- Maintained productive working relationships with client HSE representatives from Qatar Energy LNG, UDC, and other key stakeholders.
